OPETUSHALLITUS
UTBILDNINGSSTYRELSEN

Two strands of international mobility

- **KA131** International **outgoing mobility** supported by internal policy funds
  - Max. 20% of the last awarded KA131 grant may be used for outgoing mobility to non-associated countries all over the world (Regions 1-14)
- **KA171** International **outgoing and incoming mobility** supported by external policy funds
  - Follows the EU's external policy priorities
  - Number of targets and rules for cooperation are set with the twelve eligible regions (1-12)

KA171 – new and old features

New programme period - new features

- Terminology:
  - EU Member States or Countries Associated to Erasmus+ (“Programme Countries”)
  - Other third countries not Associated to Erasmus+ (“Partner Countries”)
- Application regionally
  - The regional approach will ensure a simpler application process and more flexibility for beneficiaries to shift funds between Partner Countries during implementation (within the defined region) to increase budget absorption.
- Funds will not be transferred from the budget for internal policy funds to the KA171.
  - Therefore, there are only a few countries where you can send BA and MA level students for exchange with the funding from KA171. In stead in the new programme period, Programme country HEIs are allowed to use up to 20% of the last KA131 project granted for intra-European mobility in the field of HE to fund international mobilities

- You will have to answer two open questions to demonstrate the relevance and the potential impact and dissemination of the project in this specific region. Your answer to each question should refer to your higher education institution and your partners in that region.

According to the Programme Guide please note that some study cycles (short-, first and second) are restricted for outgoing students towards countries that receive official development assistance. PhD students and staff are eligible for outgoing mobility. The list of the countries with restrictions can be found here (the Western Balkan countries are exempted from the restriction and can allow all flows and study cycles).

- you will be required to introduce an activity as Learner or Staff Mobility at this stage. Later during implementation, you will be able to specify the activity type (studies/ traineeship/ teaching/ training).
- for learner mobility, the related EU grant will be calculated on the basis of the total duration indicated in each flow taking the monthly rate for learners' long-term mobility (2-12 months). Applicants planning to perform short-term student mobilities should reflect the costs for these mobilities inserting the equivalent in monthly rates.

OPETUSHALLITUS
UTBILDNINGSSTYRELSEN

Jos hakee rahoitusta samaan alueeseen esim. 4 yliopiston kanssa niin määritteleekö suomalainen yliopisto sen, miten raha jaetaan kun projekti käynnistyy? Jos haemme vaikka 10 000 euroa ja saamme 5 000 euroa niin voimmeko priorisoida jotakin yliopistoa ja jättää muut ilman vaihtoja? Onko hyvä tässä hakuvaiheessa jo ilmoittaa partnereille miten toimitaan, jos koko haettua rahaa ei saada?

- Ohjelmamaan korkeakoulu on vastuussa myönnetystä tuesta ja voi priorisoida sen käyttöä.
- Hyvä kuitenkin keskustella partnereiden kanssa.

Onko totta, että hakulomakkeeseen ei kirjoiteta erillisiä vastauksia kustakin partneriyliopistosta? Eli ei esim. kuvata erikseen jokaisen partnerin opiskelijavalintaprosessia vaan todetaan niistä kaikista jotakin yhteistä samaan tyyliin kuin IIA:ssa? Mitä, jos partnerien käytänteet poikkeavat toisistaan? Pitääkö käytänteet kuitenkin kunkin osalta selvittää hakuvaiheessa lähettämällä uusille partnereille kysely esim. siitä miten valitsevat opiskelijat vaihtoon, miten hoitavat hyväksiluvut jne?

- Kysymykseen Hankesuunnitelman ja yhteistyöjärjestelyjen laatu kuvataan partnereiden roolit, vastuut ja prosessit
- Myös kumppanimaiden korkeakoulujen on noudatettava ECHEn periaatteita -> varmistettava myös uusien partnereiden osalta
