PROFILE OF SKILLS AND COMPETENCES

Composition of the qualification

*The compulsory qualification modules for all candidates are **working in horticulture** (20 cr.) and **entrepreneurship in horticulture** (10 cr.). Candidates choosing the Study Programme/Competence Area in Floristry and Horticultural Business must also take the **customer service and shopwork in floristry and horticultural business** module (30 cr.). In addition, candidates must take optional qualification modules that support vocational specialisation, such as flower arrangements, interior and event decoration and exhibition activities, decoration, lettering and drawing and customer advice at a garden centre. Furthermore, it is possible to choose modules from other vocational, further and specialist qualifications. In addition, students on curricular (school-based) upper secondary VET programmes may also take qualification modules developed to meet the needs of the local world of work.*

The total scope of vocational qualification modules is 90 credits (scopes do not apply to competence-based qualification modules). In addition, students on curricular (school-based) upper secondary VET programmes must take 20 credits of core subjects and 10 credits of free-choice qualification modules. Students may individually choose modules to expand the qualification.

Vocational skills and competences required for completion of the qualification

Those who have completed the qualification shall:

- *be able to identify plants used in floristry and horticultural business and factors influencing their growth;*
- *know how to present, price, sell and pack products sold at florist shops or garden centres;*
- *know how to use and service machinery and equipment;*
- *know how to set up a business enterprise;*
- *know how to apply the materials and working methods of their field;*
- *know how to make the most common flower arrangements and write card texts;*
- *be able to look after plants, keep the store clean and attend to product displays;*
- *know how to use information technology;*
- *be able to function proactively, co-operatively and in a quality-conscious and service-oriented manner;*
- *be able to work in compliance with the principles of business operations and sustainability;*
- *be able to assume responsibility for their own work, assess their own work performance and develop their vocational skills;*
- *be able to manage in work-related interactive situations in both national languages and in one foreign language.*

RANGE OF OCCUPATIONS ACCESSIBLE TO THE HOLDER OF THE CERTIFICATE

Those who have completed the qualification may work as employees or independent entrepreneurs at florist shops and garden centres.

OFFICIALLY RECOGNISED WAYS OF OBTAINING THE CERTIFICATE

<p><i>By virtue of statutes, the qualification certificate may be obtained in one of three ways:</i></p> <ol style="list-style-type: none"> <i>1. The qualification may be completed as upper secondary vocational education and training, where the studies primarily take place at an educational institution. The education and training also include practical studies at the educational institution as well as studies at a workplace with a scope of at least 20 credits. The qualification certificate is awarded by the education provider with an authorisation granted by the Ministry of Education and Culture to provide education and training.</i> <i>2. The qualification may be completed as a competence-based qualification, where vocational skills are assessed regardless of how they have been acquired. The qualification certificate is awarded by the Qualification Committee appointed by the National Board of Education.</i> <i>3. The qualification may be completed as apprenticeship training. In this case, 70–80% and 30–20% of studies take place at a workplace and at an educational institution respectively. The student has a fixed-term contract of employment. The qualification certificate is awarded by the education provider or by the Qualification Committee.</i>
<p>Entry requirements</p> <p><i>The syllabus of basic education (primary and lower secondary levels) or a corresponding previous syllabus in curricular upper secondary vocational education and training. Competence-based qualifications may be completed irrespective of how the vocational skills and competences have been obtained. No formal entry requirements have been specified for those participating in competence tests.</i></p>
<p>Additional information</p> <p><i>Learning outcomes are assessed nationally by field, either based on samples or covering all students. The Finnish National Board of Education is responsible for national assessments of learning outcomes. The statutory teaching qualifications required in upper secondary vocational education and training are a higher education degree and pedagogical studies with a scope of 35 credits. In addition, teachers of vocational studies are required to have three years of experience in their teaching field. More information (including a description of the national qualifications system) is available at: www.oph.fi/info/recognition.</i></p>
