

**International Symposium on  
Competences of Global Education  
October 5-7, 2011, Finland**

## Instructions for Poster Presentations

The poster shall be displayed throughout the entire conference and shall be presented on the time slot for poster presentation as indicated in the program. During the poster presentation you shall give a short presentation (not more than five minutes) of your work and the audience will be encouraged to come forward with questions to your work.

The poster format shall be the size A0: 120 cm high and 84 cm wide. Mounting of the posters will be ensured on location by pins or tape by the organizers.

You should preferably make the poster on one piece of paper which is much easier for proper display. For clarity and uniformity of the posters please organize your information in organized fashion as indicated in the figure below.
