TFK programme funded projects 2021

<b>Project title: Digital Business and Entrepreneurship with a sustainability approach – learning through collaborations in a cross-cultural setting</b>	
<b>Coordinator</b>  <b>Novia University of Applied Sciences</b>  <b>Rosmeriany Nahan Suomela</b> <b>Rosmeriany.Nahan-Suomela@novia.fi</b>	<p>The project aims to increase teacher competencies for virtual teaching, focusing on specific skills development for students integrated within jointly identified fields of teaching. The project creates a new operating model, with teachers co-teaching around identified topics but from different perspectives, integrating sustainability throughout the jointly created course modules. The model is piloted through the planning and implementing of four courses of 5 ECTS each.</p> <p>Project activities include virtual and onsite workshops within two main focus areas: professional development through curriculum and course design, jointly delivering the courses.</p>
<b>Partners</b>  Lambung Mangkurat University	<p>The anticipated project results are:</p> <ul style="list-style-type: none"><li>- Improved competencies for virtual and collaborative teaching.</li><li>- Improved understanding of important aspects in the teaching methodology to integrate sustainability approaches and identified skills for future working life.</li><li>- Lessons learnt after piloting a new operating model can be used in other fields of teaching.</li></ul>
