

GENERAL FACTS

EU4Skills was funded by the European Commission and member states.

The project supported vocational education and training (VET) reform in Ukraine.

Project period: 9/2019 - 5/2023.

The project was implemented in 7 regions in 21 VET school.

Total funding: 21 M€, divided between participating countries: Estonia, Finland, Germany (as a coordinator) and Poland. Finnish budget 3,5 M€.

EDUFI as the implementing agency for Finland's contribution was responsible for management and coordination, subcontracting the OEP consortium for curriculum development, teacher and VET school manager training.

Omnia Education Partnerships consortium members

- Omnia - The Joint Authority of Education in the Espoo Region
- Haaga-Helia University of Applied Sciences
- Subcontractors: FIEM, Rockway, Thinglink, Rateko
