Teacher mobility

![Graph showing teacher mobility between Russia and Finland from 2006-2021. The x-axis represents the years, and the y-axis represents the number of teachers. The graph indicates a noticeable increase in teacher mobility from 2015 onwards, with peak years of 2018-2019 and 2019-2020. The bars for teachers from Russia to Finland are shown in blue, and those for teachers from Finland to Russia are in green. The peak years are highlighted.](image-url)
