Finnish-Russian Student and Teacher Mobility Programme (FIRST+) Call 2020 FIRST+ STATEMENT 2.3.2020

Each Russian higher education institution willing to participate in the FIRST+ programme as a partner is recommended to submit a FIRST+ statement to the Finnish National Agency for Education (EDUFI) in connection to the application round. In the FIRST+ statement the participating Russian institution will describe their internationalisation strategy in regard to Finland. EDUFI provides a template for the Russian institutions to fill in. Each higher education institution will fill in only one FIRST+ statement template on behalf of all FIRST+ cooperation with Finland, even if the HEI takes part in cooperation with several different Finnish institutions or faculties. **Once you have filled in the electronic form you should then click the button "Submit" at the bottom of the page. After this you will be redirected to a summary and signature page, which you should print out.**

The FIRST+ statement should be duly signed by a legal representative of the Russian institution, then scanned and submitted to EDUFI (FIRST@oph.fi). The deadline for submitting the statement is 2nd March 2020.
