

Global Mobility co-operation between HAMK and partners in Kosovo

Riikka Kekäläinen-Alkio
Häme University of Applied Sciences -
HAMK

5.4.2019

Overview

- Erasmus+ Global Mobility project for higher education students and staff between HAMK and Kosovar partners since 2016
- Started from strong co-operation between staff in Finland and Kosovo
- HAMK:
DP International Business &
DP Business Administration

Partners & co-operation

3 PARTNER
UNIVERSITIES
IN KOSOVO

RIT Kosovo
(A.U.K)

IBCM -
International
Business College of
Mitrovica

University of
Prishtina

HAMK:
DP International
Business

HAMK:
DP Business
Administration

STAFF AND
STUDENT
EXCHANGE

STUDENTS

22 IN
5 OUT

STAFF

16 IN
8 OUT

Challenges

- Mobility numbers from HAMK to Kosovo low
- Process quite bureaucratic → more/clearer information to our partners
- Schedules hard to keep up
- Changes in staff → lack of information
- Difficulties with accreditation
- The general situation in Mitrovica

Every cloud...

- The Kosovar students are well adapted to Finnish society, language and motivation are good
- Finnish education is highly appreciated in Kosovo
- Hospitality in Kosovar schools
- Visit to RIT Kosovo from DP International Business spring 2018 strenghtend the co-operation
- Established → incoming students and staff for every semester
- International staff exchange week "Freezing Week"

Steps to the future

- Increase the outgoing mobility numbers (student & staff)
- Involve other DP's in HAMK also to the Global Mobility (Kosovo)
- Also the administrative staff in partner universities should visit each other → easier to work together, commitment to the co-operation
- DD negotiations between DP International Business and RIT Kosovo (A.U.K)

Thank you!
